Approval and Promulgation of Implementation Plan; Wisconsin; Correction

AGENCY: United States Environmental Protection Agency (USEPA).

ACTION: Technical Amendment.

SUMMARY: This document contains corrections to a final rule which was published Monday, August 15, 1994 (59 FR 41711). The final rule approved volatile organic compound (VOC) regulations which were incorporated by reference into the Wisconsin State Implementation Plan (SIP).

EFFECTIVE DATE: This action is effective April 27, 1995.

FOR FURTHER INFORMATION CONTACT: Kathleen D'Agostino at (312) 886-1767.

SUPPLEMENTARY INFORMATION:

Background

On August 15, 1994 (59 FR 41709), the United States Environmental Protection Agency (USEPA) approved a revision to the Wisconsin SIP which replaced the 154 series stationary source VOC regulations previously contained in Wisconsin's ozone SIP with 400 series regulations which are consistent with the Wisconsin Administrative Code. However, when these regulations were incorporated by reference into the Wisconsin SIP, USEPA failed to include the effective dates of the regulations.

Need for Correction

As published, it is unclear which version of the State's regulations are being incorporated by reference.

Correction of Publication

Accordingly, the publication on August 15, 1994, of the codification of the final regulations, which were the subject of FR Doc. 94-19842, is corrected by making the following technical amendments:

40 CFR Subpart YY—Wisconsin

Paragraph 52.2570(c)(73) is revised to read as follows:

§ 52.2570 Identification of plan.

(c) * * *

(73) Revisions to the ozone State Implementation Plan (SIP) were submitted by the Wisconsin Department of Natural Resources on September 22, 1993, and January 14, 1994. These rules replace the 154 series stationary source VOC regulations previously contained in Wisconsin's ozone SIP with 400 series regulations which are consistent with the current Wisconsin Administrative Code. These rules are only being approved as they apply to the ozone SIP.

Approval and Promulgation of Implementation Plan; Michigan, East Lansing and Genesee County NO_x Exemptions

AGENCY: United States Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The EPA is granting exemptions to the East Lansing and Genesee County ozone nonattainment areas, both of which are classified as transitional, from applicable oxides of nitrogen (NO_x) requirements found in the Clean Air Act (Act). For transitional areas the NO_x requirements which apply are conformity, both general and transportation, and nonattainment new source review. Approval of these exemption requests would relieve these areas from adopting and implementing all of the aforementioned NO_x requirements. The State of Michigan submitted NO_x exemption requests for the East Lansing and Genesee County areas on July 1, 1994 and July 8, 1994, respectively. These requests are based on the fact that ozone monitoring in these areas indicate that the average number of exceedances of the National Ambient Air Quality Standard for ozone during the most recent 3-year period, 1991 to 1993, is fewer than one per year. Given this monitoring data, Michigan petitioned for exemptions from the NO_x requirements based on a demonstration that additional reductions of NO_x would not contribute to attainment of the ozone standard in these areas.

DATES: This final rule will be effective May 30, 1995.

SUPPLEMENTARY INFORMATION:

I. Background

On July 1, 1994 and July 8, 1994 the State of Michigan submitted petitions to the EPA requesting that the East Lansing and Genesee County ozone nonattainment areas be exempted from the requirement to implement NO_x controls pursuant to section 182(f) of the Act. The exemption request is based upon monitoring data which demonstrate that the average number of exceedances of the ozone standard in these areas during the most recent 3-year period, 1991 through 1993, is fewer than one per year.

On December 28, 1994, EPA published a rulemaking proposing approval of the NO_x exemption petitions. During the 30 day public comment period, EPA received joint adverse comments from the Natural Resources Defense Council, Sierra Club Legal Defense Fund, and the Environmental Defense Fund and also from a private party.

II. Public Comment/EPA Response

The following evaluation summarizes each comment received and EPA's response to the comment. A more detailed discussion of the State submittal and the rationale for the EPA's action based on the Act and cited references appear in EPA's technical support documents dated August 9, 1994 and March 10, 1995.

NRDC Comments

Following is a summary of comments received from the NRDC in a letter dated August 24, 1994. After each comment is EPA's response.
